THIS IS WHY
POMURJE
THE MAGNIFICENT MURA RIVER THAT HAS SHAPED THE LANDSCAPE OF THE REGION, IT'S NAME AND THE CHARACTER OF ITS PEOPLE.
POMURJE
IN THREE WORDS
that represent the soul of our region, history, culture, people and future.
HONOR
DEVOTION
AMBITION
THIS IS MURSKA SOBOTA
A FOREWORD OF

ALEKSANDER JEVŠEK Ph.D.
THE MAYOR OF MURSKA SOBOTA
For centuries Pomurje was a closed end of empires and countries. Today it evolves as a new crossroad of regions, nations and ideas. We do not want to be an under developed periphery but a prosperous, growing society in the heart of Europe. With picturesque landscape, vivid culture and open-minded people, we know we have what it takes to build a great recipe for future and lasting success of society, economy and people.
YES, WE WANT TO CHANGE THE COURSE OF HISTORY.

Decades ago it was love that brought me here. Together with my wife we have created a home for us and our family here. I was not born here. I have chosen Pomurje as my home. And it was a decision I will never regret.
I am confident that if you follow my example and choose Pomurje as a site for new Yaskawa investment, you too will not regret this decision.

THAT IS WHY WE ARE SO DETERMINED AND STUBBORN IN OUR ATTEMPT TO BRING YASKAWA INTO POMURJE.
Ever since we have decided to invite you into our region, **we have connected ourselves** around this ambition. A small city and a small region in small Slovenia have the ambition to bring a world-class corporation here. Together with you we want to change the features of Pomurje as a **region of innovations, creativity and sustainable undertakings**. We want you here and we know that when you come, you will stay for good.
That is why I must say:

THANK YOU, YASKAWA!

For inspiring us, for connecting us around common objective and for encouraging us to make the investment features of our region even better. Step by step. Even if we do not succeed in our ambition, we already know that Pomurje is now better prepared to attract new investors.
At any moment I am at your service. Together with local economy, city institutions and with assistance of Slovenian government, we look forward to form the best custom made approach for successful Yaskawa in Pomurje. When you will get to know us, you will know that we are a reliable partner. We deliver what we promise.

ALL THE BEST!
OUR CLAIM

Developing our potentials to serve the welfare of all.
THIS IS WHY
POMURJE
People

English and German widely spoken. Great working habits and excellent skills. From engineer to metal casting worker our skilled workforce remains No. 1 reason to invest in Pomurje.

Crossroads

With open character Pomurje uses it’s genuine location on the crossroads of 4 countries for a strong cross-border impact. Invest in Pomurje and be easily present on 4 different markets and use advantages of most propulsive economies in Central Europe.

Ambition

Our ambition is to rapidly modernise our economy and to gather new investments. With persistance and determination we want to prove that Pomurje is the best location for new Yaskawa investment. We dare to compete.

Location

Easily accessible by cars & trucks, train or via several international airports or Adriatic harbors all in the radius of 250 km.

Pomurje was always proud on its craftsmanship and sense of details, mastered in many industries. From excellent suits to construction equipment, vehicles or mineral water, products and services in Pomurje tend toward the highest quality standards.

We are prepared to form the best tailor made approach to Yaskawa with combining local and national incentives that will grant the best investment environment.
POMURJE & SLOVENIA IN BRIEF
A fruitful, growing region with the new selfesteem. Hard working, honest and friendly people are the soul of the land, captured between the curves of Mura river.

Mura gives the character to the region. With its massive strenght flowing through the beautiful Pannonian landscape. An inspiration to the poets and identification to the people.

Tradition and affirmative culture of the region are strong pillars of tommorow. Pomurje has the ambition to grow. To become the fastest, yet sustainable growing region in Slovenia.

Slovenia is a central European country, neighbouring Austria to the north, Italy to the west, Hungary to east and Croatia to the south. It lays on V and X trans-European corridors, easily accessible and connected in all directions by highways, railways, ports and air connections.

Pomurje is a region in north-east Slovenia, surrounded by Austria to the north-west, Hungary to east and Croatia to the south.

On the crossroads of four nations and several cultural influences people in the region developed rich cultural heritage that evolves into open character of the region.

Geographically it is a part of Pannonian basin and is known as largest, most fertile agricultural region in Slovenia. With wide fields, wine growing hills and rich resources of thermal water Pomurje has a lot of future potentials in farming, tourism, culture and growing small and medium enterprises.

Murska Sobota is a historical political, cultural and economic centre of the region. Today Murska Sobota connects the region in new ambitions to build a stronger economy and sustainable society that provides welfare to all the people while protecting natural values for further generations.
BOLD VISION FOR SUSTAINABLE FUTURE AND WELFARE OF THE SOCIETY

A sustainable region for the future, providing welfare to the society by developing the potentials in agriculture, tourism and advance technologies. The pillars of high quality of life.

This vision of the region grows on strong and rich culture (heritage, beliefs, character of people), natural resources (fertile soil, picturesque landscape, thermal water), know-how (knowledge, skills and result oriented mindset) and openness (tolerant nature, crossroads of nations and regions, interconnectivity and fast access to major European transport corridors).
